# GRACE NOTES

## *An Extraordinary Evening*

*"A grace note is a musical note with timing that does not affect the rhythm of the bar. It is that little something extra. If you hear something particularly beautiful in music, more often than not, that is the grace note. In our lives we must be willing to do that little something extra--- that grace note---that lets people know that we really care."*

LaSalle D. Leffall, Jr., M.D., Chairman, Susan G. Komen for the Cure

To Whom It May Concern,

Nancy G. Brinker promised her dying sister, Susie Goodman Komen, that she would do everything in her power to end breast cancer. In 1982, that promise became Susan G. Komen for the Cure®, the world's largest and most progressive breast cancer organization. Since then we have had many successes:

- Today, the five-year survival rate for breast cancer when diagnosed at its earliest stages is 98 percent, with Komen forefront in sharing breast cancer awareness and education.
- America's 2.5 million breast cancer survivors are the largest group of cancer survivors in the United States and every major research breakthrough has been touched by a Komen grant.
- The federal government now devotes more than \$900 million dollars annually to breast cancer research, treatment and prevention due in large part to Komen advocacy efforts.

However, our work is far from complete. Someone dies of breast cancer every 69 seconds. It's a race against time with the lives of our mothers, sisters, daughters and friends hanging in the balance.

Please help us strengthen the promise to end breast cancer by joining us as an auction donor for the Susan G. Komen Puget Sound Affiliate Grace Notes gala. The auction, entering its 6th year, has raised more than \$4.75 million dollars to fund education, screening, treatment support and research in the fight against breast cancer, and lives depend on the success of the event.

The sixth annual Komen Puget Sound Affiliate Grace Notes gala will take place March 3, 2012, at The Fairmont Olympic Hotel in Seattle, and we invite you to consider a donation for the silent or live auction.

An event overview from the 2011 event and procurement form follow, and we look forward to your response.

Thank you so much for your consideration. We know by working together, we will realize the Komen vision to end breast cancer forever.

Sincerely,

*Lisa Dawson*

2012 Grace Notes Chair

*Elizabeth Huang*

2012 Grace Notes Co-Chair

Three simple steps to early detection are regular mammograms, clinical exams and breast self-exams.
